

Gun Handling for Stage and Screen

A must have addition to your resume especially if you do not have a lot of experience (or any) with firearms.

Gun Handling for Stage and Screen is a half day course that teaches you how to move, load & handle firearms for the stage and screen. This is not a class that teaches you to shoot and we do not do use any live ammunition. You will however know how to point, load, unload and simulate firing a shotgun, pistol and rifle.

Gun Handling for Stage and Screen is taught by Eric Lichtenberg. Eric is a California Department of Justice Certified Firearms Instructor as well as a Bureau of Criminal Identification Certified Firearms Instructor and holds many other teaching & shooting credentials.

COST: \$25.00 in advance (\$30 day of)
